President Expected To Increase Budget

Either Party Will Have To Back Program

Washington, Sept. 11—(AP)—The biggest government spending program in peacetime history will be laid before the next Congress by President Truman, authoritative sources predicted today.

That is \$4,000,000,000 above income as estimated by the administration. If its estimates are correct the new elected Congress would have to put spending or boost taxes to prevent a record size peacetime deficit.

Election Won't Interfere

Officials, willing to discuss the subject provided they were not quoted by name, said this outlook holds true regardless of the outcome of the November election. They said the election has nothing to do with it.

The budget they spoke of concerns fiscal 1950, which begins next July 1, eight months after the presidential and congressional elections.

President Truman would still have the duty of sending it to Congress some two weeks before the next presidential term begins January 20, even if he lost the election to GOP Candidate Thomas E. Dewey.

Final Decision In December

Final decisions will not be made on the 1950 budget until December, after the Budget Bureau has gone over with individual agencies the budget program each submits for its next week.

Nevertheless, reliable officials say preliminary work on the budget clinches \$45,000,000,000 as the minimum 1950 spending total — many figure it will have to be a billion or two higher despite "hold-down" efforts.

They blame the cold war, saying only the disappearance of international tensions—not now foreseeable—could change the picture.

The final clincher of the \$45,000,000,000 figure as they see it is increased military spending, a partly automatic result of contract authority given the armed forces by the last Congress under a growing strain in relations with Russia.

Name Finalists In 'Miss America' Competition

Atlantic City, N. J., Sept. 11—(P)—Beatrice Vella Shopp of Hopkins, Minn., an 18-year-old reddish brunette, tonight was named Miss America of 1948.

Atlantic City, N. J., Sept. 11—(P)—Twelve brunettes and three blondes were named tonight as finalists in the competition for the 1948 Miss America title.

The field was to be narrowed later to five for the selection of the nation's new beauty queen.

The three blondes were Miss Massachusetts, Barbara Laughton, 19, of Reading; Miss New York City, Connie Ronde, 18, and Miss Wyoming, Carol Held, 18, of Douglas.

The big field of brunette finalists included Miss Alabama, Martine Ingram, 21, of Tarrant City; Miss Atlanta, Jerry Long, 18; Miss Chicago, Lois Nettleton, 21; Miss Detroit, Doris Johnson, 22, and Miss Florida, Rosemary Carpenter, 13, of Miami Beach.

Also Miss Kansas, Vera Ralston, 18, of Wichita; Miss Memphis, Lois Welsh, 20; Miss Minnesota, Beatrice Shopp, 18, of Hopkins; Miss Montana, Patti Ann Leir, 18, of Anaconda; Miss Oklahoma, Donna Briggs, 20, of Tulsa; Miss Oregon, Joyce Davis, 18, of Redmond, and Miss Utah, Marilyn Robinson, 19, of Ogden.

Joliet American Legion Band Wins At Convention

Chicago, Sept. 11—(P)—Joliet's National Champion American Legion band won new honors today at the State Legion convention.

The Joliet musicians, representing Harwood Post No. 5, was unopposed for first place in the State Legion's Class A band contest.

In the grading, Joliet received 96.05 of a possible 100 points. The band won the National Legion championship in both 1946 and 1947.

Peoria Post No. 2 had planned to enter its band in the contest but a breakdown of the band's bus delayed its arrival until after the morning preliminaries.

However, the Peoria band gave a demonstration before the crowd in Lake Shore park and was awarded second prize for its efforts.

Truman Warned Of Soviet Agents After Atom Bomb

Washington, Sept. 11—(P)—Congressional spy investigators said today that an army expert on atomic energy is "certain" Russian agents stole some wartime atom bomb secrets.

Furthermore, Rep. Vail (R-Ill.) said in a statement, this high officer was so concerned over "the intense activity of Russian espionage agents in their efforts to penetrate atomic research safeguards" that he personally reported on these activities to the late President Roosevelt and then to President Truman.

Vail did not name the officer but said he had testified under oath at closed-door hearings of the House Un-American Activities committee in the past week. Obviously he meant Lt. Gen. Leslie R. Groves who directed the \$2,000,000,000 A-Bomb project during the war.

Groves appeared before the committee yesterday but merely hinted to reporters afterward that there might have been some leaks of atomic secrets.

Vail said the officer testified that Russian spies tried to get atomic secret both "before and during the war" and that he so informed the two presidents.

"This statement," Vail said, "as a direct contradiction of Truman's contention that Communists were not involved in wartime espionage."

Mr. Truman told a news conference 10 days ago that during the war the Russians were our allies and

Russia Says U.S. Makes Big Four Meet Impossible

London, Sept. 11—(P)—The Moscow radio said tonight the United States and Britain have made a meeting of the Big Four foreign ministers on the disposition of Italy's pre-war colonies impossible by refusing to send their top men.

The broadcast, quoting a Tass dispatch from London, said Britain "has followed the same path" as the U. S., which refused to send Secretary of State Marshall to Paris for the proposed meeting.

It was reported today Hector McNeil, secretary of state under British Foreign Minister Bevin, would arrive in Paris tomorrow to attend the meeting.

The Moscow previously announced that Russia had dispatched a note to the U. S. protesting the fact that Marshall would not attend the conference.

The Soviet note, however, also said the Soviet government was willing to meet with other representatives of the three western powers even if the conference is not considered a council of the foreign ministers. The note said Russia "will not object" to meeting without Marshall.

Douglas Blasts Brooks For Voting To Cut Soil Funds

Danville, Ill., Sept. 11—(P)—Paul H. Douglas, Democratic candidate for senator, said tonight that "when Senator Brooks voted to cut funds for soil conservation he voted to turn the rich farm lands of America into wastes as barren as those found in China and Arabia."

Douglas, whose remarks were prepared for delivery at Danville, is opposing Republican Senator C. Wayne Brooks in the Nov. 2 election. He said Republican congressmen "defied both President Truman and the laws of nature" when the president called for extension of soil conservation programs.

"Senator Brooks was conspicuous by his own defiance," Douglas said. "He joined the band that cut the program by \$37,000,000, and in doing that he struck a heavy blow at the farmers of Illinois and the nation who were part of the conservation program."

Actress In Fifth Day Of Coma

Hollywood, Sept. 11—(P)—Actress Rita Johnson, 35, tonight lay near death under an oxygen tent suffering from a head injury which, police said, was caused by an overturned hair drier.

Detective Lt. M. A. Stephenson, acting captain of Hollywood detectives, said he was dropping his inquiry. He said he was "satisfied" the drier, the hood of which weighs 35 to 40 pounds, had fallen on Miss Johnson Monday night.

This was her fifth day of coma. Thursday, three surgeons performed a delicate operation to remove a pressing brain clot.

Wealthy Polo Player Will Marry Miner's Daughter

Daytona Beach, Fla., Sept. 11—(P)—Tall, blonde Stephanie Saja, 23, a Pennsylvania coal miner's daughter, will wed Francis Hitchcock, wealthy polo player, here next week if plans work out.

Julian Peabody, who told reporters he was a distant cousin of Hitchcock's, said the prospective groom's divorce decree from his second wife had not yet been made final.

Peabody, who accompanied Miss Saja here yesterday from New York, said Hitchcock was out of the city trying to conclude necessary arrangements and probably would return to Daytona Beach Monday. He said Hitchcock is between 35 and 40 years old.

If all goes well, Peabody said, the marriage will be next week.

Hitchcock was divorced from his first wife in 1934 and later married a model, Mary Grammer, and this marriage also resulted in divorce. The decree has not been made final, Peabody said.

It will be Florida's second rich man-poor girl wedding this year involving a coal miner's daughter. Fabulously wealthy Winthrop Rockefeller wed the former Barbara (Bobol) Sears of Noblestown, Pa., coal mining community, a few months ago.

Stephana, of Ruthenian-Russian descent and Hitchcock excluded themselves today and could not be reached for comment. Friends kept their secret regarding their wedding plans but indicated the ceremony would take place here next Wednesday or Thursday.

Hitchcock has been enrolled as a law student at Stetson University in nearby Deland and his private plane is berthed at the airport here. First announcement of the betrothal came today from Stephan's mother, Mrs. Mary Saja Turk, 58, of Windber, Pa., a coal mining village. She still lives in the neat, small house where Stephan was born Jan. 9, 1925. Her first husband died a few years ago of miner's asthma and she married Steve Turk, 56-year-old miner, last year.

Stephana was extremely popular in school and had many boy friends, her former chums at Windber recalled.

Another Army Ship Speeds To Rescue Camiguin Refugees

Manila, Sept. 11—(P)—One U. S. army transport was removing 8,000 refugees from the volcano-ravaged island of Camiguin tonight and another was en route to help rescue additional thousands.

Mr. Hibokhibok, which has been erupting since Sept. 1, continued to fume, but Philippine government experts said its noxious gases no longer were deadly.

A landslide had filled one of the volcano's craters, reducing the eruption but increasing the potential danger. Fear was expressed that a terrific eruption might occur if pressure increased beneath the plug.

Transport General William Weigand reported that he was removing 8,000 persons from the town of Sagay on the south coast of Camiguin and would take them to Mindanao, big island a dozen miles to the south.

U.S., British Leaders Meet To Avert Berlin Crux

Washington, Sept. 11—(P)—Top American and British leaders met today in an unusual series of conferences which may lead to a decisive new turn in the crisis with Soviet Russia over Berlin.

Senator Vandenberg (R-Mich.) was among a group consulted by Secretary Marshall at the State Department on the next move by the western powers in the deadlock over the Soviet blockade. Vandenberg is a leading Republican figure in all major matters of foreign policy.

Amid indications that the long effort to reach a firm agreement with Moscow on lifting the Berlin siege faces a breakdown, Marshall and his advisers met also with Sir Oliver Franks, the British ambassador.

Meanwhile in Moscow the American, British and French envoys were standing by, dispatches said, apparently for final instructions before making the fateful next move—possibly a den and for a showdown session with Prime Minister Stalin.

(London sources said that the three diplomats had been instructed to seek an immediate meeting with Stalin.)

If direct negotiations with the Kremlin collapse, the west is prepared to turn over the whole dispute of the issue to the United Nations. Marshall is making ready to leave for New York today for the opening September 21 of the U. N. general assembly in Paris.

As in 1932, the homecoming will start at Franklin park. It will include a parade to the courthouse square, where Stevenson will speak. The parade will include eight floats and two hayracks carrying sunbonnet girls and gay blades of the 1890's. Early buggies and automobiles are being borrowed from private collections.

USE LIE DETECTOR IN EFFORT TO FIND WIFE

Milwaukee, Sept. 11—(P)—Dist. Atty. William McCauley said today he will ask Edmond LeMay, 52, to submit to a lie detector test in connection with the mysterious disappearance of his wife.

LeMay will be brought back to Milwaukee tomorrow from Newark, N. J., where he was arrested on a warrant charging forgery of a \$15 check made out to his wife, Cecelia. Mrs. LeMay hasn't been seen since June 15, ten days before LeMay went to Newark to manage the American Hair and Fur Company plant there.

Taft-Hartley Law Main Political Campaign Issue

Washington, Sept. 11—(P)—To repeal or not to repeal the Taft-Hartley Labor Act—that is a thundering question in the political campaign.

It is not nearly so clear-cut and simple a question as it may seem when you are listening to a political speech.

President Truman and practically all labor union leaders demand repeal. But they differ widely among themselves (though they aren't emphasizing these differences at present) as to what they mean when they say "repeal it."

Here is a bit of history: From 1935 to 1947, the Wagner Act was the law of the land. It guaranteed the right of workers to organize and bargain collectively through representatives of their own choosing. It provided legal machinery to prevent employers from interfering.

On June 23, 1947, Congress passed the Taft-Hartley Act over the protests of President Truman.

The first part of the Taft-Hartley Act—Title I—is made up entirely of amendments to the Wagner Act. There are so many additions that no one calls it the Wagner Act any longer.

The new law retained the old provisions but for the first time gave certain rights to employers and individual workers (including non-union workers), and provided machinery to prevent unions from interfering.

The new law thus contains many curbs on labor unions.

Now, the CIO and AFL, when they demand repeal of the Taft-Hartley Act, also demand that the Wagner Act be restored as it was before 1947.

Springfield Groups Ask Probe Of City's Gambling

Springfield, Ill., Sept. 11—(P)—Two new Springfield groups today added impetus to snowballing demands for a probe of commercialized gambling in Springfield and Sangamon county.

The Chamber of Commerce called for a "thorough official investigation" into "gambling, alleged bribery of certain public officials and their alleged malfeasance, misfeasance and nonfeasance."

The inquiry was urged in a statement issued by the chamber's directors. A few hours earlier another group filed a petition in circuit court asking appointment of a special prosecutor and immediate summoning of a special grand jury to look into gambling activities.

Last Wednesday the Kiwanis club demanded a grand jury investigation conducted by a special prosecutor. On the same day the Sangamon County Bar Association voted creation of a committee to confer with the Springfield Ministerial Association on anti-gambling measures. The Good Government League also recently offered to join the movement.

The petition presented in circuit court was signed by nine Springfield citizens including a bank president, a high school principal, and a Presbyterian minister.

Dewey Will Carry Campaign To Far West This Month

New York, Sept. 11—(P)—Governor Thomas E. Dewey will campaign for the presidency in Colorado, New Mexico, Arizona, California, Oregon and Washington this month after opening in Iowa.

Dewey's swing to the far west, after opening his campaign in Des Moines, Iowa, Sept. 20, will keep him hot on President Truman's trail through the same area.

After speaking in Iowa two days after Mr. Truman's address at Dexter in the same state, Dewey will make major speeches in Denver, Sept. 21; Albuquerque, N. Mex., next day; Phoenix, Ariz., Sept. 23; Los Angeles, Sept. 24; and San Francisco, Sept. 25.

After a Sunday layoff, the New Yorker will make three speeches Sept. 27—at noon in Portland, Ore., before the Republican state convention, in the afternoon in Tacoma, Wash., and in the evening in Seattle.

SERVICES MONDAY

Chicago, Sept. 11—(P)—Funeral services will be held in suburban Evanston Monday for John M. Ely, 66, president of the pioneer Chicago Furniture Company bearing his name. He died Thursday.

U. S. Terms Situation 'Dangerous'

Berlin, Sept. 11—(AP)—Riot-torn Berlin braced itself for a Communist demonstration.

Under the slogan "Anybody who doesn't march tomorrow is a Nazi," the Communists were reported to have ordered even children to turn out for a Sunday rally against the western powers.

American officials frankly stated that the situation had become "highly dangerous," with German meeting under one power to demonstrate against another power. In Washington top British and American officials met in extraordinary session on the Berlin crisis.

The Sabbath demonstration is set for the Lustgarten (Garden of Pleasure), about a half mile inside the Soviet sector of Berlin. The rally was called to protest Thursday's anti-Russian mass meeting which touched off street fighting.

After the most violent week in the 79-day-old Soviet blockade, Gen. Lucius D. Clay, U. S. military governor, said:

"Mass demonstrations are not the way to solve the present Berlin situation."

The Americans planned to imitate British and ban any demonstrations in the U. S. sector within "incident range" of the Russian boundary.

Both British and Americans acknowledged that it was difficult to prohibit anti-Communist outbreaks altogether in view of the Russian-backed drive to oust the elected city government.

Germans Grow Bolder

Western German police mobilized strong forces to guard the sector boundaries against a possible invasion of demonstrators from the eastern zone rally.

The Germans, long split along East-West lines, this week grew bolder as a result of the four-power snarl. For the first time they physically attacked Russian troops, showering them with rocks after Thursday's anti-Communist demonstration. Germans ripped the red flag from atop Brandenburg gate. They stoned a Russian war memorial.

Today the Christian-Democrat newspaper went one step further. It advised the Russians to pull down the massive monument which they proudly erected to the conquest of Berlin.

Monument Is Mistake

"The Soviet military administration in Berlin has made every conceivable mistake," the newspaper said. "This monument is the worst. Never before in Europe has a victor erected a war monument in the capital of the conquered."

Adding to the cleavage, a British-licensed newspaper said the Russians had repatriated thousands of members of the Paulus-Seydlitz "Free Germany" army, infiltrating them into the police forces throughout their zone. The report was given credence in allied intelligence quarters.

"The Free Germany" army was formed after Stalingrad and is composed of Germans who have been converted to communism.

Governor General Of Pakistan, Ali Jinnah, Succumbs

London, Sept. 11—(P)—The British Commonwealth relations office said Mohammed Ali Jinnah, governor general of Pakistan, died tonight.

The duty officer at the office said word of Jinnah's death came from authoritative sources in India.

He said Jinnah died at 8:30 p.m. Indian time, but the message did not say where his death occurred.

The duty officer said death was due to a heart attack. Jinnah was 72.

A dispatch from Karachi tonight said Jinnah had arrived in the Pakistani capital unexpectedly today from the hill station at Quetta. It said his arrival was unexpected because his doctors had advised him to stay at the hill station for at least another month.

The Karachi dispatch said Jinnah immediately conferred with Pakistan's premier, Liaquat Ali Khan, and scheduled a cabinet minister's meeting for tomorrow.

J. S. CAN'T AFFORD, LIKE SHAW, TO "DROP APPARENTLY DEAD"

The long and generally pleasant relationship between George Bernard Shaw and some of his American admirers is in danger. For the distinguished playwright has come out in favor of liver injections, Henry A. Wallace and five o'clock shadow.

The first of these has got him in Dutch with the Vegetarian Party, just when it's trying to get its first presidential candidate into the White House. The second has irked the Democratic and Republican Parties, who also have candidates in the field. And the third has not endeared him to the razor people who sent the bearded Celt a sample of their product and received, with his refusal, some explicit comments on the utter senselessness of shaving.

We should hate to see anything drastic happen. Thousands of Americans have enjoyed Mr. Shaw's books. Hundreds of thousands have enjoyed his plays. And surely millions have been delighted by the movies made from them. The pleasure was mutual, since all this brought the author a lot of American dollars. And few men of his artistic distinction have ever owned up to a more unabashed fondness for folding money.

His three new endorsements are further examples of Mr. Shaw's famous nonconformity and perverseness. Those qualities even show up in his brief encounter with the liver injections. He wrote the Vegetarians' candidate for vice president that he tried some injections 10 years ago to cure an attack of pernicious anemia. "Result—I dropped apparently dead twice," he reports, "and have not since had any injections."

Yet Mr. Shaw hedges enough in this vegetarian message to suggest that, at 92, he is beginning to mellow a little and admit that there can be other ways of thinking and doing besides his own. He confesses that he is still a practicing vegetarian. But he doesn't claim exceptionally good health, nor credit his long life to his diet. His forebears were meat eaters, he says, and they lived a long time, too.

As a practicing socialist, perhaps Mr. Shaw could be as reasonable about Mr. Wallace as about vegetarianism and admit, after some reflection, that there is another side to the matter.

Mr. Wallace prescribes a diet of appeasement abroad and mild socialism at home. Yet Mr. Shaw can look at Czechoslovakia, which partook of the first, and at his fellow Britons, who are munching on the second, and find that the diet does not promote exceptional health.

The country of Mr. Wallace's forebears eats the red meat of independence and capitalism. Yet Mr. Shaw must admit that it has lived a good long time and that the prospects for its continued existence are excellent. He should also consider the possibility that Mr. Wallace's remedy might work on America's ills the way Mr. Shaw's liver injections worked on his.

Mr. Wallace has diagnosed our case as pernicious warmongering complicated by wallstreetitis. But there's always the danger that a treatment of appeasement and socialism, especially if Mr. Wallace's leftist assistants administer it, might cause America to "drop apparently dead." Left alone, it seems certain that, like Mr. Shaw, we will survive the ills that Mr. Wallace says are killing us.

Earl Davis Buys Ranson Farm At \$289.50 An Acre

The 327-acre Ranson farm six miles southeast of this city was sold at public auction Saturday morning to Earl Davis of Jacksonville for \$289.50 per acre.

A large crowd of prospective purchasers and other interested persons attended the auction at the court house. The farm, which is improved with a 10-room house, tenant house, and full set of outbuildings, was offered at first in four separate tracts.

A bid of \$316.50 was made on one tract of 160 acres, but this tract was later included when the farm sold as a whole.

Heirs of John Ranson held the sale, with Middleton brothers as auctioneers. Edward J. Flynn is attorney for the heirs.

ELECTRICITY

You don't believe it... We know it's hard to believe, but it's true. Every other essential household commodity has increased except electricity.

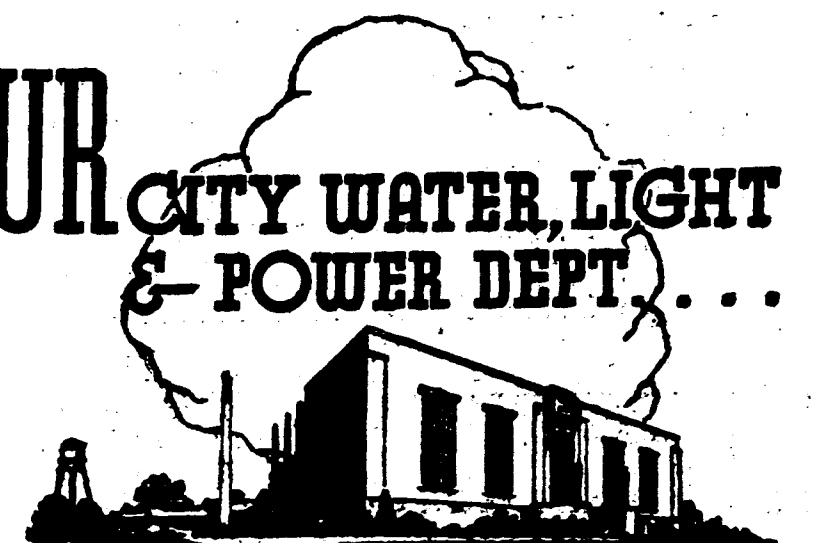

Our expenses, fuel, wages, material and construction have risen rapidly during the last two years... Fuel alone has increased better than 25%.

Increased output resulting in abnormally high use of equipment has served to offset the effect of these rising costs.

This provides more and more comfort and convenience to Jacksonville homes every day... because electricity still remains cheap in Jacksonville

By Charles Bellatti

THERE WERE PLENTY of disillusioned Jacksonville fans on the sidelines at Pittsfield about mid-way of Friday night's game. But their were false hopes and fans who had watched the Crimsons in scrimmage knew what to expect before game time.

YOU JUST CAN'T take a bunch of greenhorns and mold them into a football team in ten days, more or less. Jacksonville still faces eight games. Somehow we feel that more successful days are ahead. The offensive showing of the Crimsons, their spirit and their will to win should make them tougher before the season's end.

NOW IT'S WINCHESTER and the charges of Coach Kraushaar will be up against a club which, like Helen Potter and Mrs. Wilmuth Ritchie, has suffered the loss of its regulars. We're looking forward to seeing a more pleasant spectacle at the northside field Friday night.

THEY SAY THAT a good offense is the best defense. We hope that statement is true, for it is on the attack that the Crimsons look best.

Line play tackling and pass defense were sadly absent last Friday.

JACKSONVILLE and Pittsfield both came out with new outfits in the season opener. Many of the Crimsons were wearing new, tight-fitting, two color pants. The Pittsfield club also had "first time" pants in their traditional red.

DON'T BE SURPRISED, though, if the 1948 engagement is the final one between Pittsfield and Jacksonville at least for a few years. Coach Glen Smith of the Saukates and the Crimsons' Bob Kraushaar have both expressed a desire to start the season one week later. If another date can not be found for the traditional tilt, it's likely the two mentors will agree to call it quits.

VARIED PROBLEMS FACE high school coaches in this area. One which arises in township schools such as Pittsfield is how to get the boys home following football practice. Glen Smith has solved the problem by enlisting the assistance of members of the city's service clubs. Rotary started the idea several years ago, when two cars were needed each evening. Now five or six vehicles are necessary each day and the Lions are being called in to help. Of Smith's 63 squad members, approximately 25 are from the rural area.

TWO SIEGERTS, TWO Smiths and two Stevensons make matters confusing for Illini grid coaches. Only the Siegerts from Pana, Capt. Herb, a guard, and Wayne, a tackle, are related. The Smiths, Herb and Don, are almost identical in size at 5-9 1/2 and 195 pounds, both play guard and both are from Austin high school, Chicago. They are not, however, related. Neither are the Stevensons. Henry, a quarterback from Clarendon Hills, and Dick, an end from Indianapolis, Ind.

A BOARD OF SIX college coaches will see films of football games throughout the country each week this season. They'll study the films, "evaluate" and "compare" the stars, and finally select the mythical Collier's All-American football team.

SPEED APLENTY will be provided in this area Sunday, September 19. This year's second 100-mile National Championship AAA auto race will take place at the Springfield fairgrounds track that afternoon, while at the Morgan County fair oval, some of the best dirt track drivers in the nation will take part in shorter races.

Look To New Season

Illinois college football Coach Al Miller talks over the approaching season with one of his Blueboy hopefuls, Bob Grove, a leading quarterback prospect from Canton. Grove handled the signal-calling chores at Canton high school for two seasons. He's also noted for his pass-chucking and ball-running. Practice sessions get underway on the hill Monday morning.

Blueboys Begin Drills Here Monday Morning

Three full squads and a sprinkling of extras open drills at Illinois college Monday morning for the 1949 football season.

Coaches Al Miller and Joe Brooks have prescribed a three-day practice routine for the first week of rehearsals. Mornings and afternoons will be spent on the field, while evenings will be devoted to classroom lectures.

While not predicting a world-beater, Miller said Friday afternoon that the new Blueboys should come through the season in fair shape.

Biggest blow to I. C. hopes was the eleventh-hour transfer of a leading backfield candidate, Bill Gross, to Illinois Wesleyan. Gross, an all-star halfback, was expected to join his cousin, Bill Gross of Danville, in the Blueboys' backfield. Gross was enrolled here and there is no reason given for his last minute switch. He had earlier expressed a desire to join his cousin.

Although Illinois college will probably be weak in replacements, the lack of depth will be practically offset by the presence of some top-notch first stringers. The hilltoppers are well fixed at end and tackle. Grove, Gross and Joe Hill will give an excellent start toward a powerful backfield. The building will have to be done in the center of the line.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Sept. 11.—(P)—Hogs, cattle and sheep were quoted nominally steady today. The range on hogs was from \$23.25 to \$29.25.

Although wholesale pork prices continued firm, an unexpectedly heavy run of hogs at the end of the week forced hog quotations lower. Hogs ended the week about 25 cents under last week-end.

All types of cattle advanced. Slaughter steers mostly moving ahead \$1 to \$1.50. Top was \$41.50, although choice to prime types held their gains to about 25 cents. Small receipts and higher wholesale beef prices supported the upturn.

Although receipts increased only moderately, a broad outlet developed for spring lambs. They jumped \$2, selling mostly in a \$26.75 to \$27 range.

The broad demand for wholesale meat this week was attributed by the agriculture department to a return of cooler weather and end of the vacation season.

SEPTEMBER CORN UP TWO CENTS: OTHERS LOWER

Chicago, Sept. 11.—(P)—The shorts in September corn didn't get any encouragement today from the agriculture department's forecast for a record-breaking new corn crop. Instead, the shorts found themselves again buying on a rising market. September spurted a couple of cents.

Action of September did not have much influence on the new crop months. They sold at slightly lower levels most of the day, although the agriculture department's crop forecast hardly was news here. For some time it has been agreed that the record crop was "made."

Wheat did quite well, particularly the July, 1949, delivery. Reports circulated of a small pick-up in domestic flour business. Oats were slightly easier much of the session, largely on the agriculture department's crop estimate, which raised output by 22,968,000 bushels.

Soybeans and lard continued their recovery, which has been influenced by strengthening in fats and oils prices. It was also said that soybeans appeared to be running into a good demand from industries.

Receipts were wheat 12 cars, corn 72, oats 18, soybeans 7.

Wheat closed 5-2 1/2 higher. September \$2.23, corn was 1/2 lower to 2; higher. September \$1.21-1/2, oats were 1/2 lower to 1; higher. September 72, rye was 1/2 higher. December \$1.55, and soybeans were 5/8 to 7 cents higher. November \$2.59-1/2 to \$2.60.

J.H.S.—Saukees Survive Opener In Good Shape

Although several players hobbled off the field at Pittsfield Friday night and one grider was carried to the sidelines, a check Saturday indicated that there were no serious injuries and that both Pittsfield and Jacksonville will be at full strength for their next tests.

The beating, the worst in Jacksonville-Pittsfield gridiron history, was inflicted on Coach Bob Kraushaar's spirited aggregation to swallow, but it apparently is bringing no letdown in the determination of the J. H. S. performers.

Two Tough Breaks

Two bad breaks early in the game had considerably bearing on the outcome. Had the Crimsons scored when they moved to the Pittsfield three-yard line in the first few minutes, they might have been hard to handle. But a clipping penalty moved them away from pay dirt. The loss of veteran Stan Spotts, a few plays later, combined with the fact that fullback Johnny Walker was already sidelined, really put a crimp in the Jacksonville attack.

Jacksonville's inexperience was apparent the fact that they suffered 60 yards in penalties, compared with none for Pittsfield. Pittsfield declined yardage on several other Jacksonville infringements. The one time that a Pittsfield infringement was detected, a Jacksonville error nullified the penalty.

Pittsfield bested Jacksonville only nine to six in first downs, but the reason is apparent. Pittsfield scored repeatedly on long runs and passes and didn't have the opportunity to rack up first and tens on a steady march.

Four fumbles played a part in the fray. Pittsfield lost the ball three

times, while the Crimsons yielded only once.

Only one punt was blocked during the engagement, that a Jacksonville try by Whitacre, who was handling chores in the absence of Spotts and Walker. Jacksonville's kicking suffered greatly with Spotts on the sidelines.

The Crimsons never were able to do much through the air. They had one completion, one interception and a galaxy of incomplete tries. Pittsfield, on the other hand, looked good once it opened its above-the-ground passes.

Have Depth Pittsfield showed a tremendous depth, while J.H.S. substitutes failed to do much damage.

Pass defense was one of Jacksonville's weaknesses. Pittsfield didn't have much opportunity to show what it could do against aerials. J.H.S. chucks didn't get the ball close to their receivers most of the time.

The Crimsons showed promise of developing another fine backfield, but once again they will be weak in the forward wall.

Coach Bob Kraushaar has indicated that he'll spend another week of drill in fundamentals preparing for the Winchester game. His charge just haven't had experience and there seems to be only one way to start them on the course which is hoped will bring victories before the end of 1948.

CCI Grid Teams To Begin Action On September 25

Wheaton, Ill., (Special)—Promising a season that will provide plenty rough competition, the College Conference of Illinois swings into action on the gridiron September 25 when Elmhurst college meets Augustana at the Vikings' Rock Island home.

Elmhurst, with most of its strength in the line, will face the Vikings with 17 veterans—including their three-time letter winning center, Captain Bob Koenig. Although Augie captured third spot in the conference last year, Mentor A. J. Stoffa, mistakenly views a hard game ahead for his eleven with six of 19 returning lettermen on the doubtful list.

Defending Champs Little Nine champions North Central college, to retain their coveted position for the third time, will be led by their new coach E. W. Olson, formerly of Ripon college. Olson takes over a squad minus three all-conference stars, and though he will miss the versatile 1947 captain Dick Smith at end, 14 lettermen are expected to be on hand with all-conference men Lee Skarin, Dick Somrak, and Norris Cross.

Little is known about Coach Al Miller's Illinois college pigskin squad, but there's only one way last year's cellar team can go and that is up. Illinois Wesleyan, the 1947 pre-season threat, again comes up with a formidable ball club that will switch to the single-wing this season unless a T-formation quarterback arrives on the scene to fill the shoes of Roy Thoele, lost by graduation.

Rodman Mentor Roscoe Scott casts a shadow of doubt over his team's possibilities this season, with a gaping hole in the middle of the line left by graduating first stringers. Bright side of the picture is that 22 of 25 lettermen are returning, and no one in the CCI will forget Carthage's stunning upset of North Central last season.

Smaller Squad's initial turnout dropped far below last year's, with only 34 trying for the first eleven spots on Coach Ralph Jones' company. Moving to James Millikin University from Carthage, Coach Whitney Kell takes over a squad that will have to wade thru six conference games with 20 returning vets led by all-conference half back Captain Don Shroyer.

Returning to bolster Coach Harvey Chrouser's crusading eleven from Wheaton will be all-conference fullback and the nation's high scorer of 1947, Chuck Schoenherr. The Wheatonites are wanting most in end position and the loss of punter Don Toews is serious. Twenty lettermen return as the Crusader's attempt to improve their 1947 second spot in CCI standings.

Virginia Captures Baseball Opener Friday, 6-1

Virginia—Coach Cecil McVey's baseball team opened the 1948 fall season here Friday, repulsing Ashland 6-1. Don Davidsonier allowed only two Ashland hits in nine innings and was credited with 14 strikeouts.

Ashland's one marker came as a result of a walk with the sacks full. Ed Rogers and Glenn Wallich both clouted triples for Virginia.

Other games definitely scheduled: Sept. 14, at Arenzville; Sept. 21, at Ashland; Sept. 24, at Arenzville; Sept. 28, at Ashland. Tills are also being arranged with Chandler's nine.

McVey has two other chucks, Rogers and Peter Skiles. R. C. Yates is doing the receiving. Other members of the squad include Larry Harrison, Louis Webster, Jerry Boyd, Wilbur Ring, Bob Watkins, Jerry Young, Don Davis, Bob Dour, Ralph Anderson, Phil Turner, Marion Walton, Dan Braziel and Wallich.

CARROLLTON

Mr. and Mrs. Earl DeCamp, Howard Brown, George Brown and Eldon DeCamp returned to their homes in Mt. Vernon, Iowa after spending the weekend here at the home of Dr. and Mrs. John DeCamp.

Mrs. Edith Robinson is spending a few days this week in Rockbridge at the home of her son-in-law and daughter, Mr. and Mrs. Basil Price.

McKENDREE CHAPEL NEWS
Mrs. William Kirkwood of Springfield visited relatives here during the past week end.

Mr. and Mrs. Bert Miles of 519 Main street, Weston, Mo., visited Labor Day at the home of Roy Gerard.

Philip M. Rice of Waterman, Ill., accompanied his daughters to Champaign Tuesday to attend the University of Illinois, and extended his trip to call on relatives and friends in this community. He has resided in Dekalb county for about 14 years.

Mr. and Mrs. Harry French of Medora, Ill., were recent visitors at the Gerard home.

Kiner's Homer Gives Pirates Win Over Chicago Cubs

Chicago, Sept. 11.—(P)—Ralph Kiner, who had hit only one grand slam home run in his major league career, banged another in a pinch-hitting role with two out and two strikes on him in the eighth inning today, to give the Pittsburgh Pirates a wild 13-12 win over the Chicago Cubs.

The victory enabled the Bucs to hold second place three games behind Boston's Braves in the National league race.

Kiner, who was out of the regular lineup because of a stomach ailment, delivered his homer off Hank Borowy after an error by Roy Smalley had kept alive a Pirate rally. It was the big outfielder's 39th circuit drive of the year.

It was barely enough, too, for Alvin Dark hit his 24th homer for the Cubs a few moments later with a man on base to bring the score to its final status.

Pet owners of Morgan county have ten days in which to enter their prize-winning dogs, ponies, cats, birds, turtles, rabbits or what have you in the annual Morgan county pet show, officials of the Humane association announced Saturday.

The event will be held Saturday, Sept. 25, at the Academy lot. Every pet in the county is eligible.

Sept. 19-25 is National Dog Week. The Humane association, sponsors of the show, decided it would be unfair to pet lovers in general to hold only a dog show.

To Arrange Show

This year's committee has been named by Nate Egner, association president. D. M. McDermott will be the chairman. He will be assisted by Major Henri Servais and Friend Wells, Jr.

The committee announced that the rules for this year's show are simple: 1. The pet must be owned by the entrant or immediate family. 2. Pet must be secured by leash or other suitable device. 3. Local health, police and other regulations must be observed. 4. A veterinarian must check all pets entered. There will be no entry charge.

Two Different Classes

The show will consist of two separate classes, junior and senior. In the latter group pets will be judged for the best in their class. Awards will be made to the winners.

In the junior group pets will be judged for the best cared for, the best trained, the biggest, the smallest and other classifications.

Application blanks may be secured at the Humane association office, 2374 West State street, the Salvation Army, 108 E. Beecher avenue and at the Boy Scout office, 203 Gibson building. Blanks will also be sent to the various schools.

Applications must be returned to one of the three offices before noon, Wednesday, Sept. 22.

HONG KONG FIGHTS AIR PIRATES

Hong Kong—(P)—Air pirates are to be fought with the latest in scientific devices, the Hong Kong government has announced. Should you board a plane in Hong Kong in the near future the chances are that you will first have to pass inspection in a device much like those used by sailors to detect the presence of savs and other metal objects on prisoners. The "metal detector" as it's called will prevent passengers from carrying firearms aboard the planes. This and other measures are being taken to prevent any recurrence of incidents similar to the air piracy crash of a Cathay Pacific Airways plane off Macao on July 16 in which 25 people were killed.

Two Winchester Sailors Aboard Pennant Winner

Two Winchester men are serving aboard the aircraft carrier USS Philippine Sea, which has just won the battle efficiency pennant for her general excellence from July 1, 1947 to July 1, 1948.

The men are Donald E. Evans, seaman apprentice, son of Edward D. Evans, rural route 1, and Leonard R. Hoots, seaman apprentice, son of Mr. and Mrs. James E. Hoots, also of rural 1.

The award is a competitive one, based on overall battle efficiency. Each department of the ship is graded to determine the vessel's final mark in the competition.

Guests at the pennant-raising ceremony included the carrier's two previous commanding officers and actor Edward Everett Horton. Under-secretary of the Navy for Air, John N. Brown, was the principal speaker.

The pennant is a red triangle with a black circle in the center and is therefore termed a "meatball." In addition to the "meatball" each enlisted man having served on board the Philippine Sea for at least six months of the competition year is entitled to wear an "E" on the sleeve of his uniform and receives a cash award as well. This is an old practice in the Navy which revived this year.
